Title: Financial Assistance – Patient Financial Services		

**POLICY:**

Sheppard Pratt Health System ("Health System") is dedicated to providing patients with the highest quality of care and services. To assist our patients, financial assistance will be provided to patients who are unable to pay for services rendered and who meet the criteria established in this financial assistance policy ("FAP") regardless of race, color, creed, religion, gender, national origin, age, marital status, family status, handicap or other discriminatory factors.

**PURPOSE:**

To establish the eligibility criteria and process for application/approval of charitable assistance for Health System clients.

**PROCEDURE:**

**1. Definitions**

Amounts Generally Billed or AGB: The amounts generally billed for emergency or other medically necessary care to individuals who have insurance covering such care, as further explained in Section 3 herein.

Code Section 501(r): Section 501(r) of the Internal Revenue Code and the regulations promulgated thereunder, as amended from time to time.

Emergency Care: Immediate care that is necessary to prevent putting the patient's health in serious jeopardy, serious impairment to bodily functions, and/or serious dysfunction of any organs or body parts.

Gross Charges: The full amount charged by the Health System for items and services before any discounts, contractual allowances, or deductions are applied.

Medically Necessary Care: Services or care means care that is determined to be medically necessary following a determination of clinical merit by the admitting physician or other licensed physician.

Patient: Those persons who receive emergency or medically necessary care at the Organization and the person who is financially responsible for the care of the patient.

Presumptive Eligibility: The process by which the Health System may use previous eligibility determinations and/or information from sources other than the individual to determine eligibility for financial assistance.

Uninsured: Patients with no insurance or third-party assistance to help resolve their financial liability to healthcare providers.

Underinsured: Patients who have limited healthcare coverage, or coverage that leaves the patient with an out of pocket liability and therefore may still require financial assistance.

Responsible Party: With respect to services provided by the Health System, the patient, account guarantor or other person(s) responsible for paying for such services.

## **2. Financial Assistance Eligibility**

### **A. General Criteria**

Services eligible for financial assistance include: emergency care, services deemed medically necessary by the Health System, and in general, care that is non-elective and needed in order to prevent death or adverse effects to the patient's health.

### **B. Financial Criteria**

Patients who are uninsured or underinsured and have a household income at or below 250% of the Federal Poverty Guidelines may receive free care (a 100% discount).

Notwithstanding the criteria above, Patients who have accumulated assets of \$10,000 per individual or \$25,000 per household may only be eligible for 50% assistance.

A Patient whose income and assets exceed the established eligibility guidelines but state they are unable to pay all or part of their account balance(s) may be further evaluated on a case-by-case basis. Eligibility for full or partial financial assistance will be determined after giving consideration to the Patient's total financial situation as well as a consideration of extenuating circumstances. Additional criteria used to determine eligibility status includes employment status, future earnings capacity, and other financial resources.

When determining patients' eligibility, the Health System does not take into account race, gender, age, sexual orientation, religious affiliation, or social or immigrant status.

## **3. Determining the Financial Assistance Amount**

Once eligibility for financial assistance is established, the Health System will not charge patients who are eligible for financial assistance more than the amounts generally billed, or AGB, to insured patients for emergency or medically necessary care (the "AGB limitation").

Pursuant to Maryland law, the charges to which a discount will apply are set by Maryland's rate regulation agency known as the Health Services Cost Review Commission ("HSCRC") and are the same for all payers. Thus, to the extent applicable, AGB is determined under the prospective method and is based on the rates established by HSCRC for the Health System.

#### **4. Applying for Financial Assistance**

Determinations for financial assistance eligibility will require patients, including responsible parties, to submit a complete financial assistance application including all supporting documentation required by the application and may require appointments or discussion with a representative of the Health System's Patient Financial Services Department. Patients will be required to provide necessary information and documentation when applying for financial assistance. The information required is specified in the application and instructions thereto.

Financial assistance applications on file at the Health System may be used for a period of up to 12 months after the date of submission if financial circumstances have not changed.

Applications are accepted for financial assistance at any point in the billing cycle, including after placement with a collection agency or other third party.

#### **5. Notification of Approval or Denial for Assistance**

The Patient Financial Services department will notify the patient in writing within 30 days of the receipt of the financial assistance application as to whether the application was approved or denied. If the application was approved, the letter will include the amount of assistance approved. If the application was denied, the denial reason will be provided in this letter. For incomplete applications, patients will be provided with a list in writing of the information and/or documentation still needed to complete the financial assistance application and where to submit the missing information.

Reasons for denial include:

- Incomplete application information.
- Patient did not cooperate with the application process for other payer programs such as Medicaid, Health Insurance Plan (HIP), and public marketplace.
- Excess income or resources.

All Patients determined to be eligible for less than the most generous amount of assistance (100%) available under this Financial Assistance Policy (FAP) will be given 30 days to submit an appeal to request further financial assistance. The Patient can present additional information at this time to support his or her request.

#### **6. Presumptive Eligibility**

In certain circumstances deemed reasonable and understandable, the lack of a financial assistance application and supporting documentation will not necessarily result in a denial for assistance. If a patient fails to supply

sufficient information to support financial assistance eligibility, the Health System may refer to or rely on external sources and/or other program enrollment resources to determine eligibility. Examples include:

- Medicaid Eligible Patients. Balances for a patient who is currently eligible for full Medicaid coverage, but was not on the date of service.
- Patient is homeless.
- Patient with a collection agency score segment of uncollectible.
- Deceased patient with no estate assets.
- Patient with out of state Medicaid eligibility currently residing outside of Maryland.

## **7. Publication of Financial Assistance Policy**

The Health System's FAP, financial assistance application, and plain language summary (including translations) are available to patients upon request and free of charge. In addition, translation services for Spanish, Russian, Korean, Mandarin (Chinese), Tagalog, Urdu, Vietnamese, and French, as well as other languages can be requested for patients in need of language assistance (subject to availability and scheduling).

The FAP, financial assistance application form, and the plain language summary are available upon request in the following Health System locations:

- Patient Registration and Admission Locations
- Crisis Walk-in Clinic
- Patient Financial Services Department (Towson, Maryland)

During patient registration for inpatient hospital services, patients receive a packet with the plain language summary of the FAP.

The FAP, financial assistance application, and the plain language summary are distributed by mail when requested by telephone at the following numbers:

- Patient Financial Services Department – (410)-938-3370 or toll free at 1-(800)-264-0949
- Each collection agency with which the Health System places accounts

Patients can also find the FAP, the financial assistance application, and the plain language summary online at the Health System web site:

- [www.sheppardpratt.org/patient-care-and-services/resources/financial-support/](http://www.sheppardpratt.org/patient-care-and-services/resources/financial-support/)

In addition, the Health System communicates the availability of financial assistance in the following ways:

- Notification on all patient billing statements
- Signage posted in registration and admission areas
- Signage posted in the Crisis Walk-in Clinic
- Patient brochures summarizing the FAP and how to apply for assistance offered at hospitalization
- Additional public engagement efforts

## **8. Actions in the Event of Non-Payment**

The collection actions the Health System may take if a financial assistance application and/or payment are not received are described in a separate billing and collections policy. In brief, the Health System will make certain efforts to provide patients with information about the FAP before certain actions are taken to collect a bill. Balances placed with a collection agency are still eligible for a financial assistance reduction if eligibility criteria are met. The billing and collections policy (including translations) can be obtained as in the same manner and the same locations provided in Section 7 above.

#### **9. Eligible Providers**

In addition to care delivered by the Health System, emergency and medically necessary care delivered by the providers listed below in the hospital facility is also covered by this FAP:

- Sheppard Pratt Physicians, P.A.
