

Student Use of Personal Transportation

Students may earn the privilege of using a personal vehicle for transportation to and from school when that use promotes independent living and/or post-secondary transition goals.

Once this privilege is achieved, students must meet the following expectations:

- Provide the school with their valid driver's license and proof of insurance.
- Commit to and demonstrate consistent attendance and participation in a full day of school (8:45am-3:15pm).
- Find street parking on one of the neighboring side streets and follow all street and pedestrian rules to arrive to school safely.
- Never offer or provide transportation to other students before, during, or after school.

The personal transportation privilege may be revoked if the student fails to meet these expectations.
