[Click here](#) to create your ETHOS account and register for a lecture.

Content and Objectives

Sheppard Pratt provides this update on mental health issues to support continuing education of medical and mental health professionals. A formal needs assessment of the mental health community, current issues in mental health and hospital staff needs assessment are the indicators for the content of the Wednesday Lecture Series. Participants will be able to describe current psychiatric diagnoses, analyze various treatments presented and apply this knowledge in developing their own strategies for more effective management of patients

For additional educational offerings and any changes/updates to the lecture series, visit cme.sheppardpratt.org.
