Student Use of Personal Transportation
2020-2021**

Students may earn the privilege of using a personal vehicle for transportation to and from school, when that use promotes independent living and/or post-secondary transition goals.

Students must commit to and demonstrate consistent attendance and participation in a full day of school (8:45am-3:15pm).

Students who drive must also find street parking on one of the neighboring side streets and follow all street and pedestrian rules in order to arrive to school safely.

Students may never offer or provide transportation to other students before, during, or after school.

The personal transportation privilege may be revoked if the student is not able to meet these expectations.
